

FRC lists Just Group as a signatory of the UK Stewardship Code

FTSE-listed financial services retirement specialist Just Group is proud to announce that today it has been listed as a signatory of the UK Stewardship Code by the Financial Reporting Council (FRC).

Stewardship is the responsible allocation, management and oversight of capital to create long-term value leading to sustainable benefits for the economy, the environment and society. The UK Stewardship Code sets high stewardship standards for those investing money on behalf of UK savers and pensioners.

In order to be listed as a signatory to the Code Just Group was required to submit to the FRC a Stewardship Report demonstrating in detail how it has applied the Code's Principles in the previous 12 months.

Just Group has a proven track record on its commitment to responsible investment. Just Group became the first UK asset owner to join the Principles for Responsible Investment (PRI) and the first UK insurer to issue a green bond. It is a member of the Net-Zero Asset Owner Alliance, the Asset Owner Diversity Charter, committed to the Science Based Targets initiative and has a detailed Transition Plan to Net Zero.

Nimisha Sodha, Head of Responsible Investment at retirement specialist Just Group, said: "As a leading UK insurer, managing more than £24 billion of customers' retirement savings, we are committed to making a positive impact through our investment activities, leaving a responsible footprint and creating a fairer world. We help people achieve a better later life, this is our purpose and why we exist. Our stewardship and approach to responsible investment contributes to fulfilling our purpose.

"Responsible investment brings significant, sustainable benefits for the economy, environment and society. Becoming a signatory of the UK Stewardship Code marks a significant milestone in our commitment to meet our target of being net zero in all our emissions, including our investments, by 2050."
